ARTISTS

EMBRACING CONSERVATION AUTHENTICALLY™

In July 2018, following over four decades of Thinking Bigger and Treading Lightly™, we introduced Eco Pals®, the first of its kind holistically eco conscious plush. At the time, we hoped to be a “catalyst for positive, sustainable change” and welcomed others to follow our lead. And follow our lead they have...not only here in North America, but also internationally. Plush companies all over the world are following in our steps to become more eco conscious, and while other lines are not as holistically eco, every step matters.

But we are more than a brand...we are genuine about our conservation initiatives.

Beyond the global impact of Eco Pals, we have:

- Eliminated **all** microplastics in our products, including plastic taggers and unnecessary beans.
- Eliminated **all** inner carton plastic bags as even biodegradable bags are still plastic that degrade to microscopic plastic which contaminates our oceans and the creatures that inhabited them.
- Will **not** use glitter or sequins given how extremely harmful they are to the environment and wildlife.
- Eliminated or replaced virgin plastic wherever possible across all aspect of our business.

Additionally, through the fear of the pandemic and the anxiety of the supply chain issues, we never lost sight of how hard the pandemic hit worldwide conservation efforts. From the onset of the pandemic to the end of 2021, thanks to you, our partners in conservation, **Wildlife Artists raised and donated over US \$100,000 towards conservation** and continued to provide vital support to our rural African partners and their communities.

To put it simply...**we walk the talk, authentically so.**

Thank you for continuing to give us the opportunity to do what we love.

The warmest of warmest regards,

Caroline

THE LINE TRANSFORMING AN INDUSTRY™

Our **Eco Pals**® line, continues to transform the industry by taking a holistic approach to the use of plastics. Eco Pals are doing their part to reduce the amount of plastic litter in our lands and oceans.

- MATERIALS MADE FROM 100% RECYCLED PLASTIC BOTTLES
- NO GLITTER OR SEQUINS
- FOUR TO TWENTY = THE NUMBER OF 20 OUNCE PLASTIC BOTTLES USED PER PLUSH PIECE
- NO INNER CARTON PLASTIC BAGS (BECAUSE PLASTIC DOESN'T BIODEGRADE)
- STITCHED EYES & NOSES
- NO PLASTIC WHISKERS
- NO PLASTIC PELLETS
- BABY SAFE

Less Plastic Is Fantastic!®

Our updated hangtag has kid-friendly tips on ways to reduce plastic as well as educational information for each species in the line.

Uncoated hangtags are attached with natural cord instead of plastic taggers.

Paper inner packing is used instead of plastic.

Our colorful fabric label provides a permanent eco-friendly message.

Display signs are made with eco-friendly materials.

B.A.R.K. RANGERS™

Your B.A.R.K. Rangers® purchase helps support:

#BeABARKRanger™

Park Ranger programs at National Parks let you know what you can do with your pet while visiting.

Here are the B.A.R.K. principles that are part of the Healthy People Healthy Parks Initiative that can help you and your pet to have a safe and fun trip.

B.A.R.K. stands for:

- Bag your pet's waste
- Always leash your pet
- Respect wildlife
- Know where you can go.

4 things you can do with your pet to be more eco friendly:

- Use compostable bags for pet waste.
- Buy pet food and supplies in bulk.
- Donate old towels, pillows, toys and extra supplies your pet isn't using to animal shelters.
- Use environmentally friendly grooming supplies.

Did you know that every piece of plastic ever made still exists today? Enough plastic is thrown away every year to circle the earth four times! It's filling our oceans and landfills and hurting wildlife and sealife.

CHOOSING THE PLANET OVER PLASTICS™

In only six decades, the mass production of plastic has created more than 7 billion tons of waste. Alarmingly, only 9% of that plastic waste has been recycled.

That means that more than 5 billion tons of bags, bottles and other single-use plastics have rapidly accumulated in landfills that just can't handle the sheer amount of waste. So, much of this plastic ends up flowing into the ocean where it suffocates, starves and drowns marine life. Scientists predict that by 2050, our seas could contain more plastic waste than fish.

Eliminating plastic is absolutely critical to conservation and we're doing it everywhere we can.

We're on a mission to transform our industry and this is how we've gotten started:

In 2013, we first eliminated plastic whiskers from all of our plush.

In 2014, we eliminated plastic beans because these microplastics end up in waterways and oceans, killing hundreds of thousands of marine organisms every year. We are still the only company to eliminate these unnecessary microplastics.

In 2018, we transitioned all our plush to sustainable fill made only from recycled PET bottles, the first company to do so.

And, another industry first, **in 2019**, we eliminated all inner plastic bags & microplastics (including plastic taggers) because there's nothing eco about them. These single-use plastics, even the biodegradable ones, don't degrade once they are buried in a landfill or floating in the ocean and still pose a grave threat to the environment.

We won't use glitter, sequins or any other trending plastics as we choose planet over plastic...authentically, every time.

AS A RESULT OF OUR EFFORTS,
WE ARE THRILLED TO ANNOUNCE THAT
WE'VE ELIMINATED THROUGH 2022

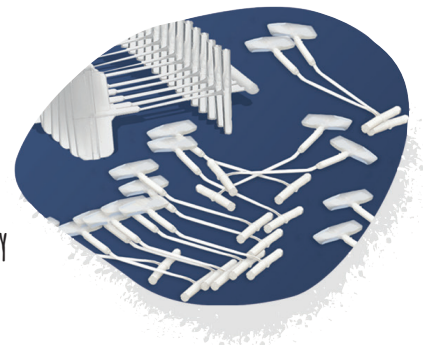

495 TONS

IN UNNECESSARY PLASTIC
BEANS TO DATE

381 LBS

OF PLASTIC TAGGERS ANNUALLY

345,000

ANTI-POACHING INITIATIVE

“IN 2018, I TRAVELED TO ZAMBIA, AFRICA AND VISITED THE MULBERRY MONGOOSE WORKSHOP IN THE BUSH OF MFUWE, JUST OUTSIDE OF SOUTH LUANGWA NATIONAL PARK. THE SIX-ROOM THATCHED ROOF OUTPOST HOUSES THE WOMEN-RUN JEWELRY ENTERPRISE. THE JEWELRY COMBINES NATURAL ELEMENTS WITH SNARE WIRE COLLECTED BY SOUTH LUANGWA’ ANTI-POACHING PATROLS. SNARE WIRE IS USED IN THE ILLICIT PRACTICE OF SNARING, WHICH KILLS AND WOUNDS THOUSANDS OF ZAMBIA’S WILDLIFE EACH YEAR.

WITH EACH PIECE OF MULBERRY MONGOOSE JEWELRY SOLD, PORTIONS OF THE PROCEEDS ARE DONATED TO CONSERVATION SOUTH LUANGWA’S ANTI-SNARING PATROLS THAT REMOVE SNARES FROM THE BUSH AND RESCUES SNARED ANIMALS.

SUPPORTING MULBERRY MONGOOSE’S “CREATING BEAUTY OUT OF BRUTALITY” IS ONE OF THE MANY WAYS WE EMBRACE CONSERVATION DIFFERENTLY AND AUTHENTICALLY.”

EMPOWERMENT INITIATIVE

THE PANDEMIC HIT RURAL AFRICA HARD. AT THE ONSET OF THE PANDEMIC WILDLIFE ARTISTS IMMEDIATELY TEAMED UP WITH OUR UGANDAN, ZAMBIAN AND ZIMBABWEAN COMMUNITIES TO HAND CRAFT FACE MASKS. OUR MASKS FOR CONSERVATION™ PROVIDED A CRUCIAL LIFELINE AND A VITAL SOURCE OF INCOME SO COMMUNITIES DID NOT HAVE TO TURN TO POACHING TO PUT FOOD ON THE TABLE. PROCEEDS FROM OUR MASKS SALES WERE REINVESTED INTO THESE AFRICAN COMMUNITIES AND INTO CONSERVATION ORGANIZATIONS.

ENGAGEMENT INITIATIVE

“GIVEN THE LOOMING THREAT OF MASS EXTINCTION, WILDLIFE CONSERVATION REQUIRES MORE THAN MISSION STATEMENTS AND PRODUCTS. IT REQUIRES ACTION IN-THE-FIELD AND ON-THE-HILL.

IN-THE-FIELD, WE ARE UNIQUELY ENGAGED TO PROTECT NATURAL HABITATS, DETER POACHING AND ILLEGAL TRADING, AND HELP LOCAL COMMUNITIES CREATE LASTING SOLUTIONS. BUT THESE EFFORTS ARE JUST ONE PART OF OUR MULTI-PRONGED APPROACH. WE ARE ALSO ENGAGED WITH ELECTED OFFICIALS WHO HAVE THE POWER TO ENACT POWERFUL LEGISLATIVE ACTION.

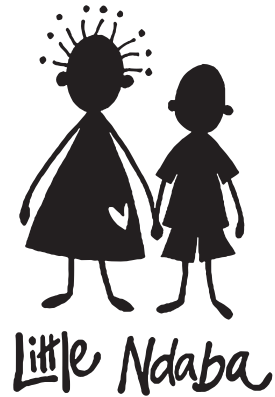

MEETING WITH ELECTED REPRESENTATIVES IS NOT NATURAL FOR ME. IN FACT, IT'S PRETTY NERVE-WRACKING. I'M NOT A POLICY WONK. I'M JUST SOMEONE WHO CARES DEEPLY ABOUT THE ENVIRONMENT, LANDS AND WILDLIFE.

BUT THAT DOESN'T MEAN I TAKE MY RESPONSIBILITY TO ADVOCATE LIGHTLY. IT'S MORE IMPORTANT THAN EVER THAT FEDERAL OFFICIALS HEAR FROM BUSINESS OWNERS WHO SUPPORT AND ENGAGE IN WILDLIFE CONSERVATION.”

- CAROLINE WARD

LITTLE NDABA

Wildlife Artists was introduced to Little Ndaba during one of our sourcing trips to Africa. Little Ndaba creates toys with a mission. Groups of women from Zambia gather to knit and crochet these gorgeous animals which are designed to help raise awareness and for the conservation of many endangered animals.

The plush animals provide a vital source of income for women who have limited opportunities to earn money. Increasing opportunities for women, while decreasing the dependence on poaching for income, Little Ndaba is changing many lives for the better.

Your customers will love the quality and artistry and will want to support the cause.

*Creating Toys
With A Mission*

Please note: Production of this line is all handcrafted, so availability is limited

BIG Impacts

Every piece of Little Ndaba makes a big impact on so many lives. The adorable creation brings smiles and joy to children big and small.

Here are some heartwarming facts:

20 PIECES

sold houses a family of four for a month.

10 PIECES

of Little Ndabas sold buys enough staple food for a family of four for a month.

8 PIECES

sold helps pay for three months of schooling for one child.

CONSERVATION

For every piece sold, \$2.50 is donated to organizations working to protect animals and the environment.

MULBERRY MONGOOSE

MULBERRY
MONGOOSE

BEAUTY FROM BRUTALITY

Our exclusive partnership empowers women and protects endangered African wildlife.

Mulberry Mongoose partners with anti-snare organizations, turning confiscated snare wire into coiled and hammered “beads” and mixing these beads with locally purchased semiprecious stones, freshwater pearls and hand carved wooden beads to create handcrafted, stunning one-of-a-kind pieces of jewelry. This jewelry (and their ‘chitenge’ pouches) is designed and shaped by courageous Zambian bush craftswomen in the remote Zambian bush, where poverty and unemployment is rife, especially for women.

Every piece of jewelry sold not only supports the livelihood of locals, lessening the need for people to turn to poaching in desperation for money, but also with each piece, Mulberry Mongoose **makes a donation to anti-snaring patrols** to support their work of wildlife protection and save animals that have been caught in snare wires, raising over \$126,000 to date.

Mulberry Mongoose is more than a jewelry company. They are about empowering women, supporting communities through reinvestment and aspiring change by emboldening and inspiring locals to be stewards of conservation.

Wildlife Artists is honored to be a part of this creative conservation.™

Where style combines with social responsibility.

Saving Pangolins From Extinction

Pangolins have the unfortunate distinction of being the most illegally trafficked wild mammal in the world. All eight species of pangolins are threatened with extinction.

Hammered Snare Wire Pangolin in Copper

BR-SW-PGCPW

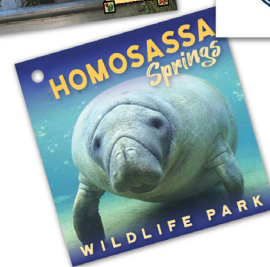

\$50.00

This design is very close to our heart both due to its purpose and because it exemplifies the workmanship and dedication of Mulberry Mongoose.

Designed after seeing Eye of the Pangolin by Bruce Young & Yohan Vermeulen it really was no easy creation. It took many attempts to create entirely from snare wire that connected to the unique quality of the Pangolin. Each piece takes 3 hours to create by hand and is so physical that Mulberry Mongoose works to a one day on, one day off rule when making it. Every sale donates to both anti-snare patrols and the Pangolin Crisis Fund. Wearing it connects you with very special like-minded souls and our workshop and team in the South Luangwa National Park.
