Custom Embroidery

We can embroider your logo on our plush or on a clothing item for the plush to wear!

- Some restrictions apply to where embroidery can be placed and what fabric types can be embroidered.

Custom Designs

We can create exclusive custom designs of anything you would like to see in plush!

- Processing time for new designs can vary depending on the complexity of the design and the number of adjustments required.

The Details

- Minimum order quantities vary, usually starting at 1,200 pieces and up depending on complexity, size, fabric requirements, and other factors.
- We require a 50% deposit after approval of design. Deposit is applied to the **last half** of the shipment. After we have shipped the first half of the order, only freight charges will apply.
- Once the design is approved and deposit is received, production begins. Lead time is typically 120-150 days.
- Wishpets can ship half of the inventory this year and half next year. This time frame begins once the items arrive at our warehouse.
- Items must stay in case pack quantities and **all** product must be taken within a year.
